

...It was a nightmare...

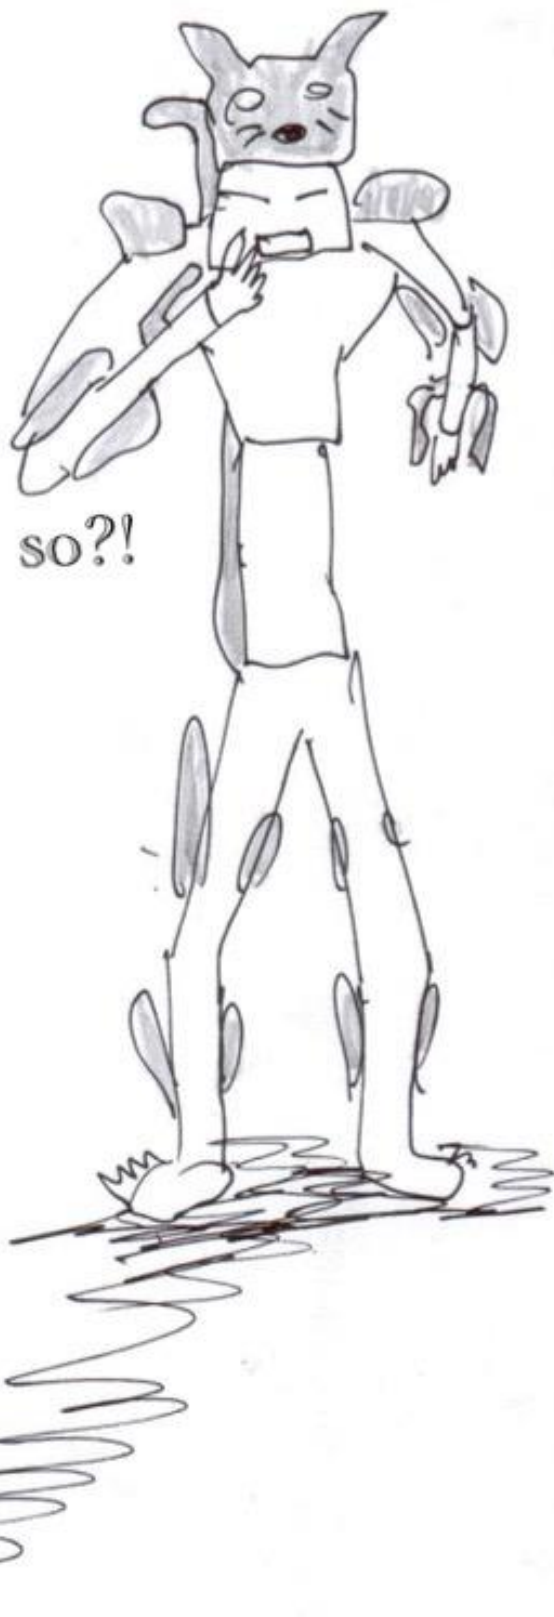

At least, I have
Seen The big
champions win
Competitions

Your song is a failure

How so?!

What if I sing another one?

You have to train

I know,
Wait for
Me

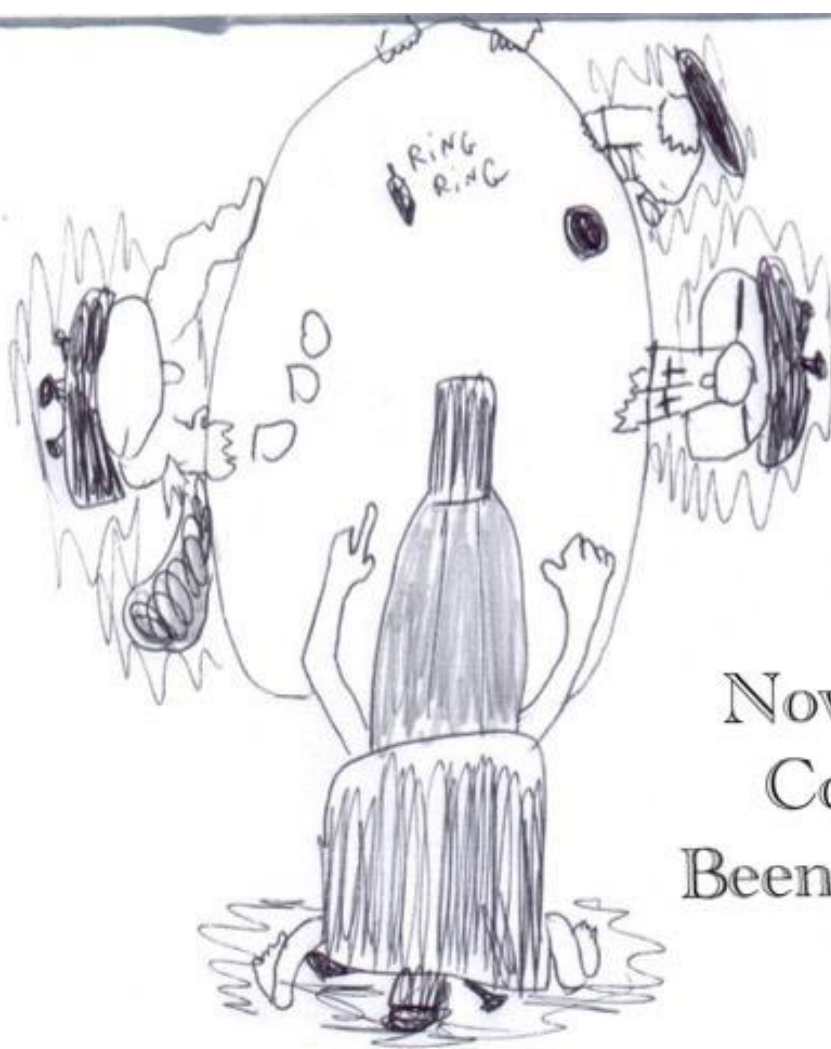

The plan is
Succeeding

Now is time
For the
Second part

I can't wait!

Now that the
Cordu has
Been arrested...

Seen? This is the new weapons for
Defeat LittleLoser

You are not
Thinking about
Him

Before to rule the world

We have to defeat him
He has many friends
And he is dangerous
Much more then
Robodictator

I want to say just this
Other words are useless

It is time

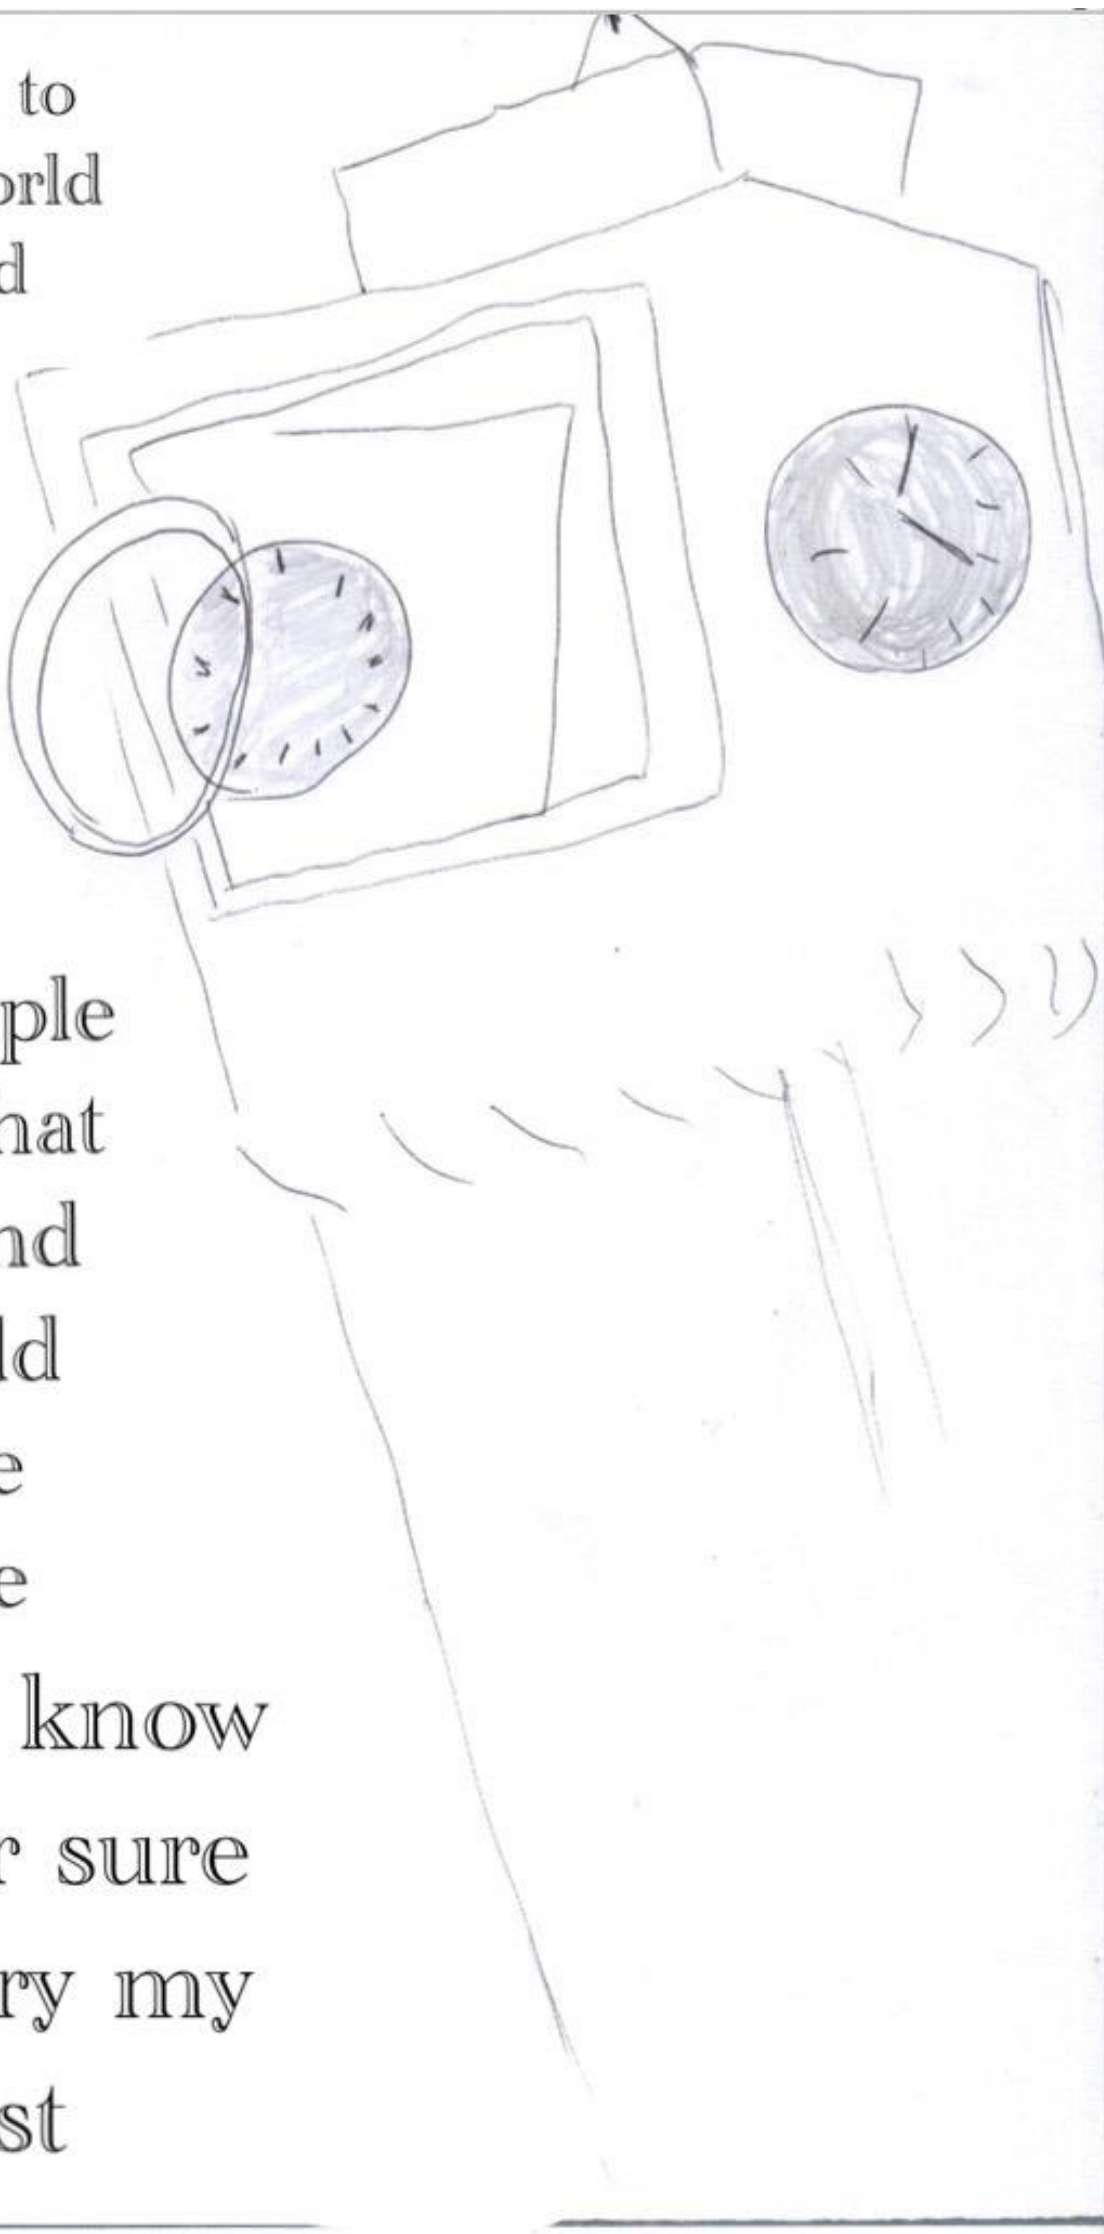

OPLA!!!

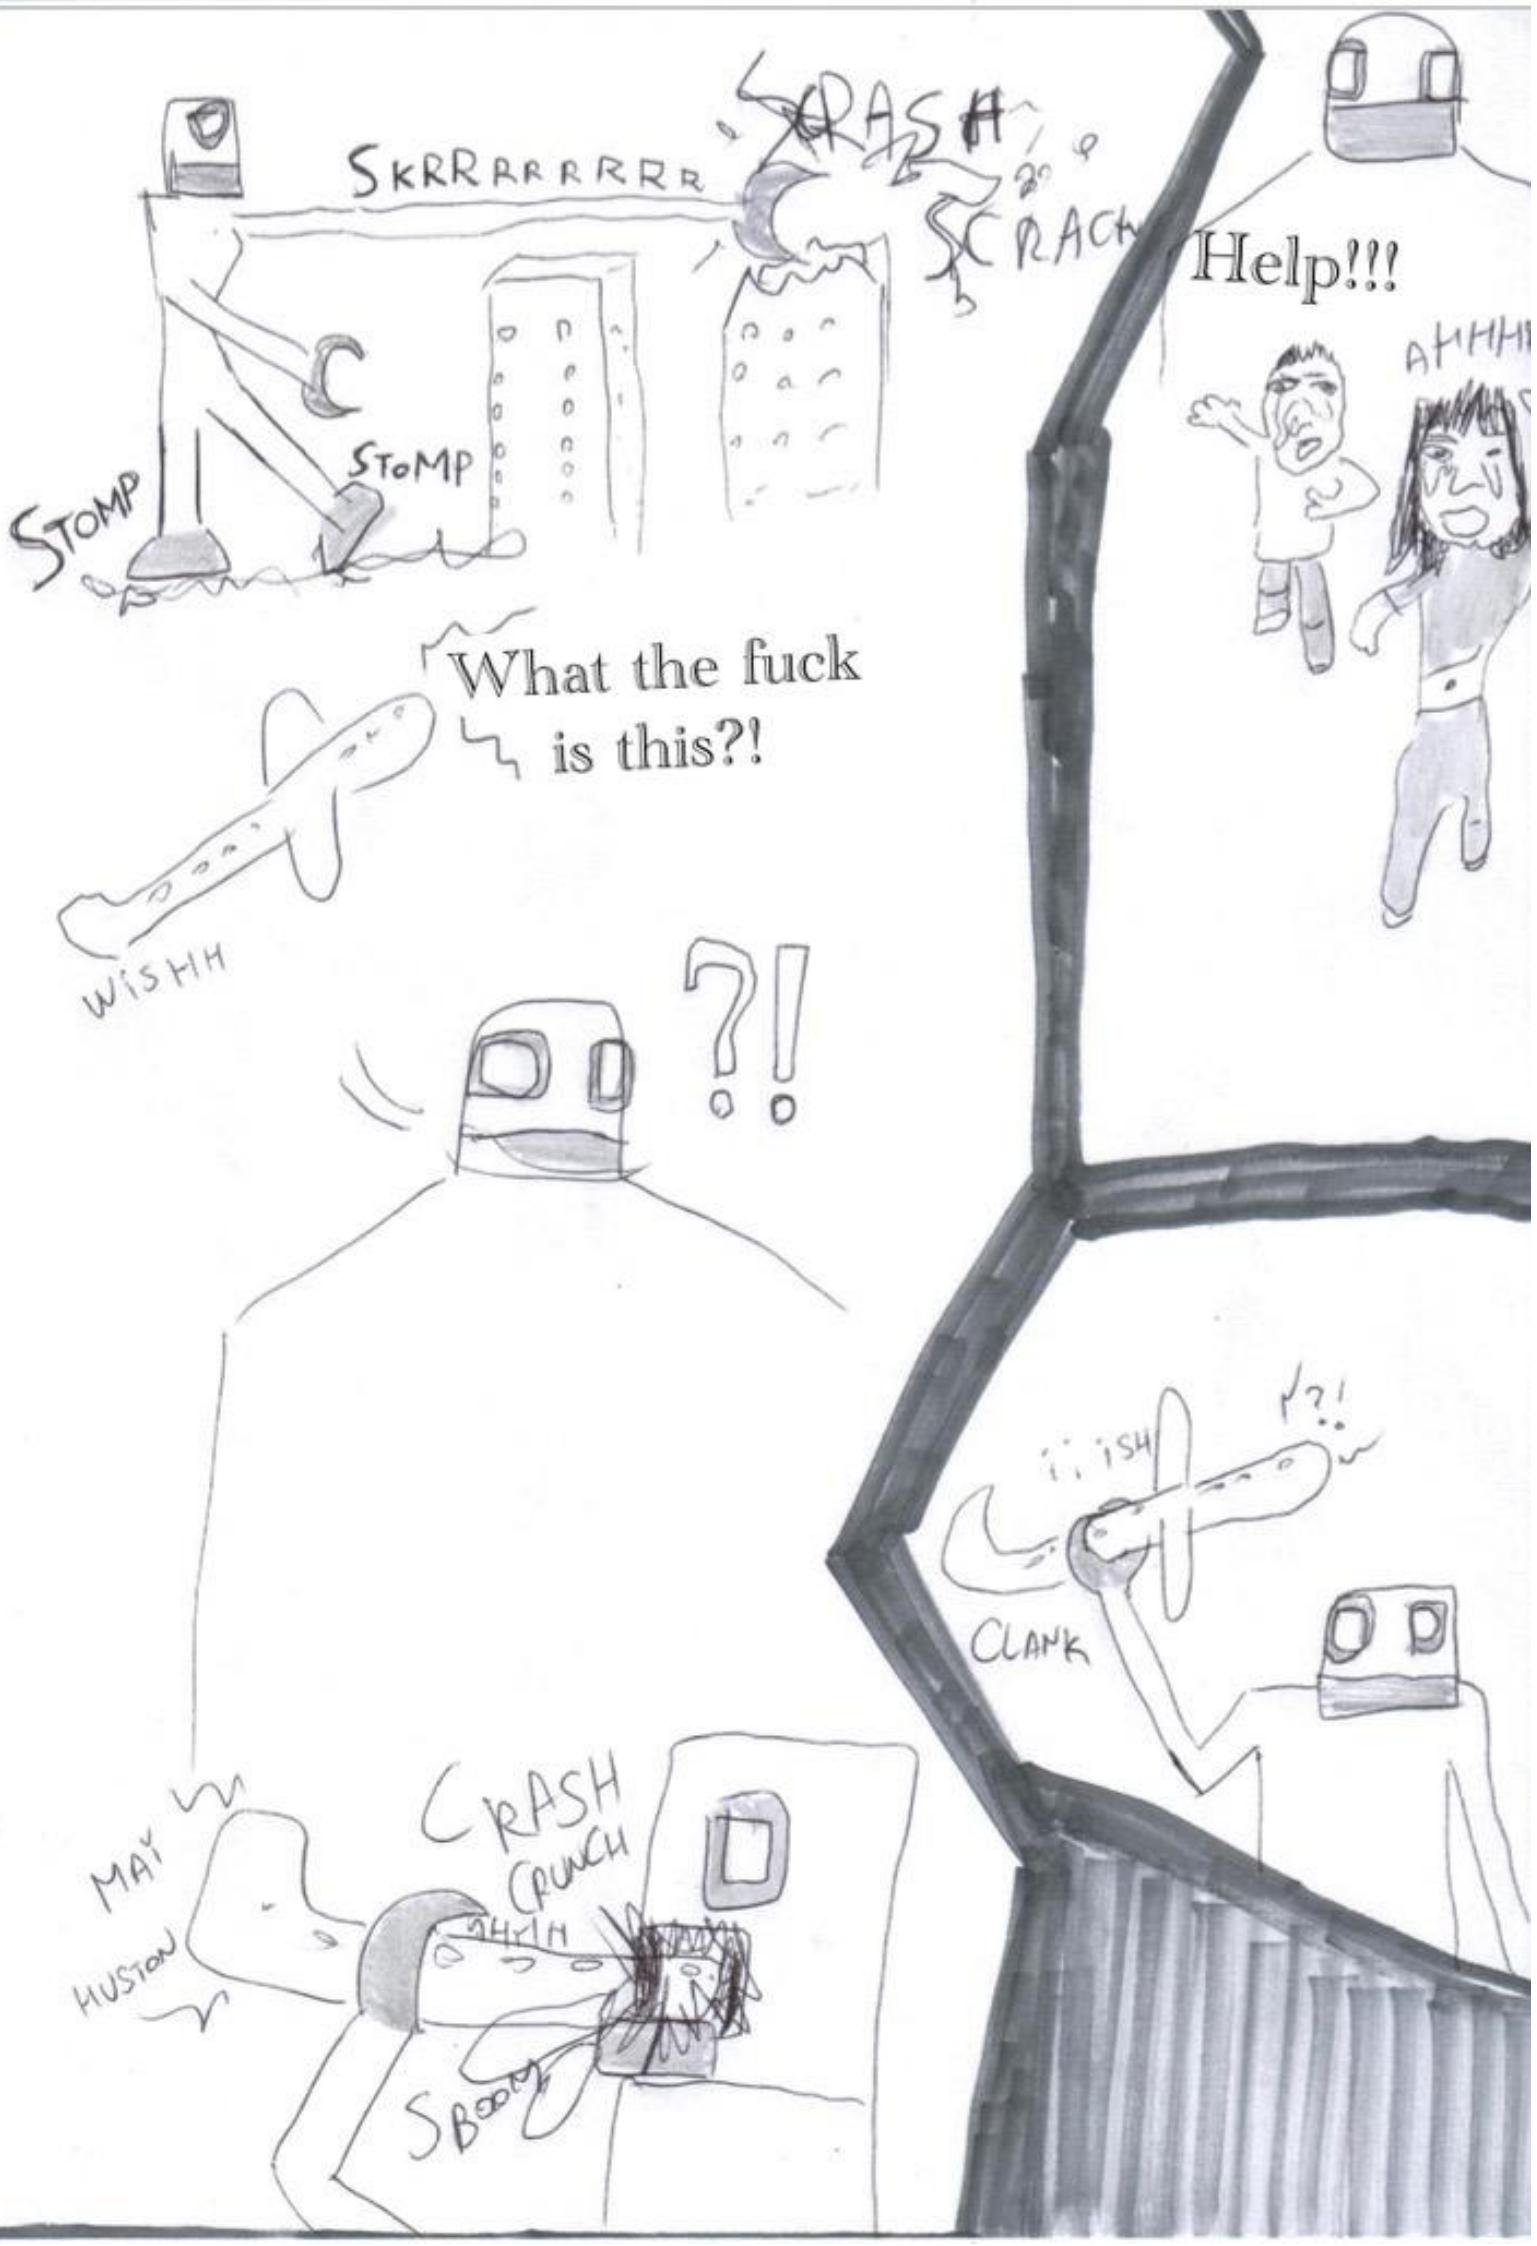

Time to train

We can train to
Destroy the world
But what did
We get?

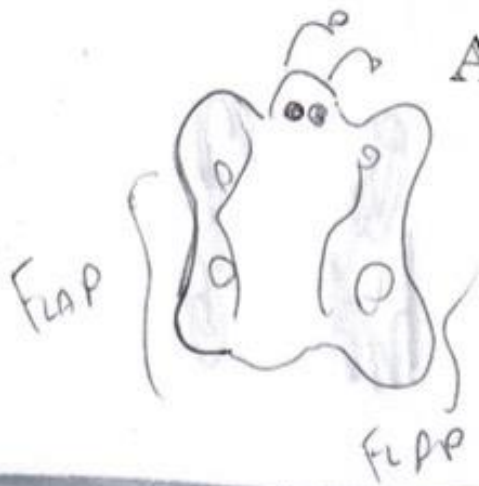

Many people
Believes that
Society and
Our world
Can't be
In peace
I don't know
But for sure
I will try my
Best

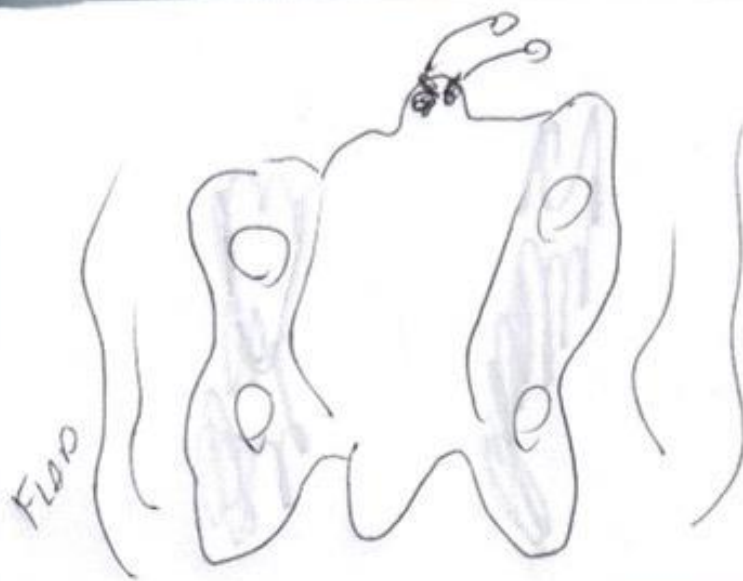

After computer will destroy
A lot, we will destroy computer

By bomb plane

And next I will say
"We saved the world!"

An easy plan
As you seen

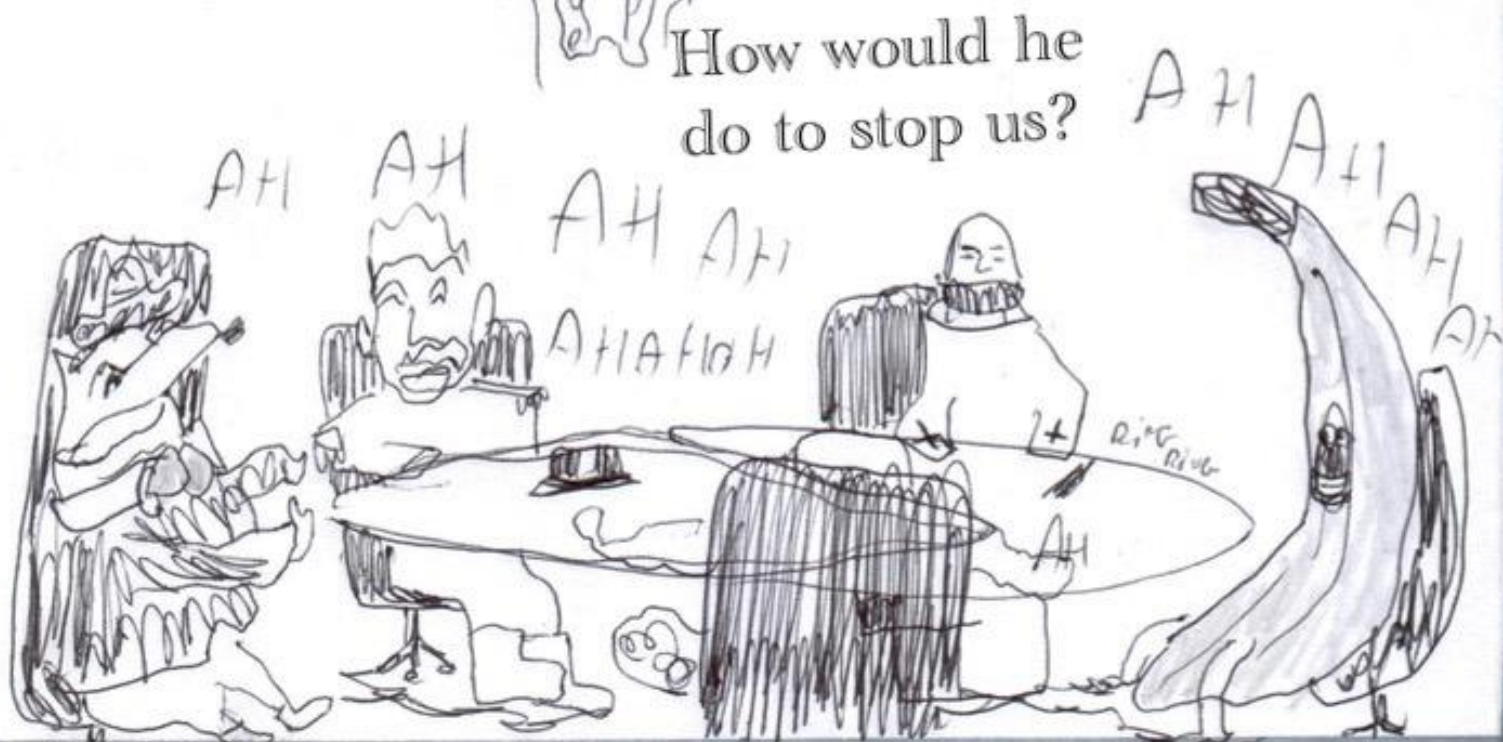

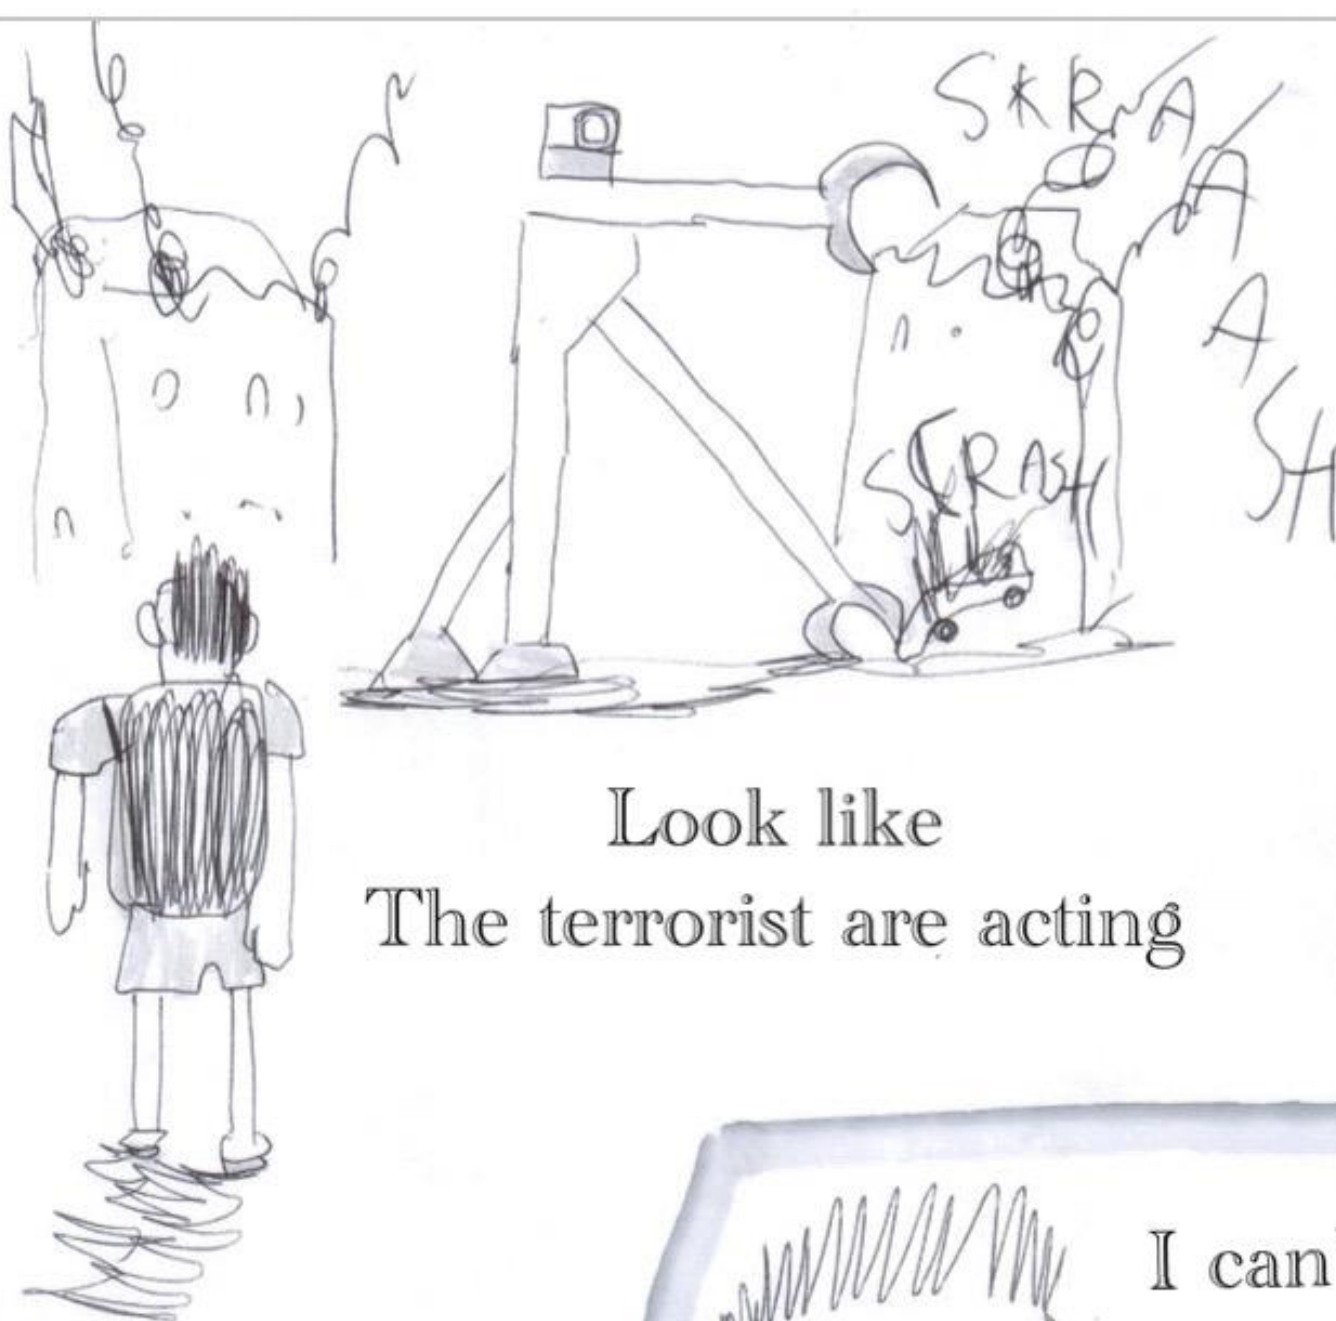

FLAP

Even if Salomé
would know this...

How would he
do to stop us?

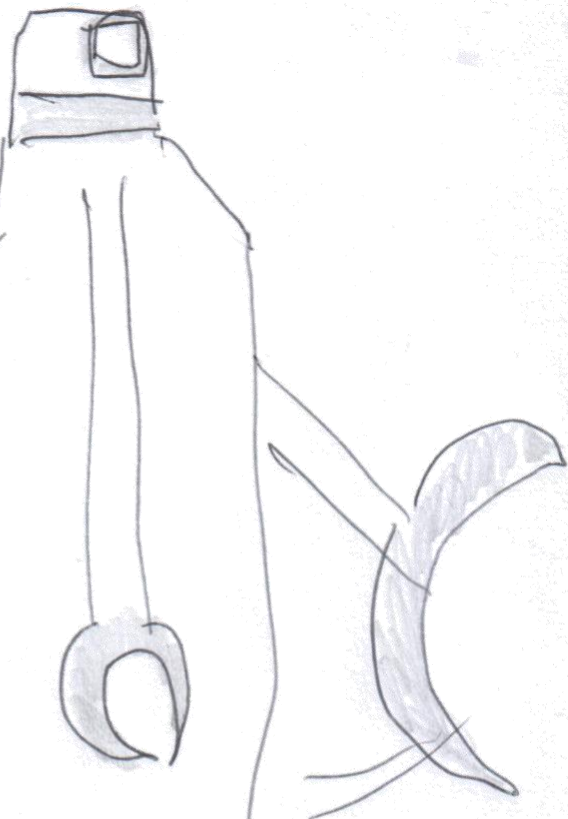

Look like
The terrorist are acting

I have a plan

I can't
stop it
From
here

COMPUTER!!!

TRAX BOOM

BOOM

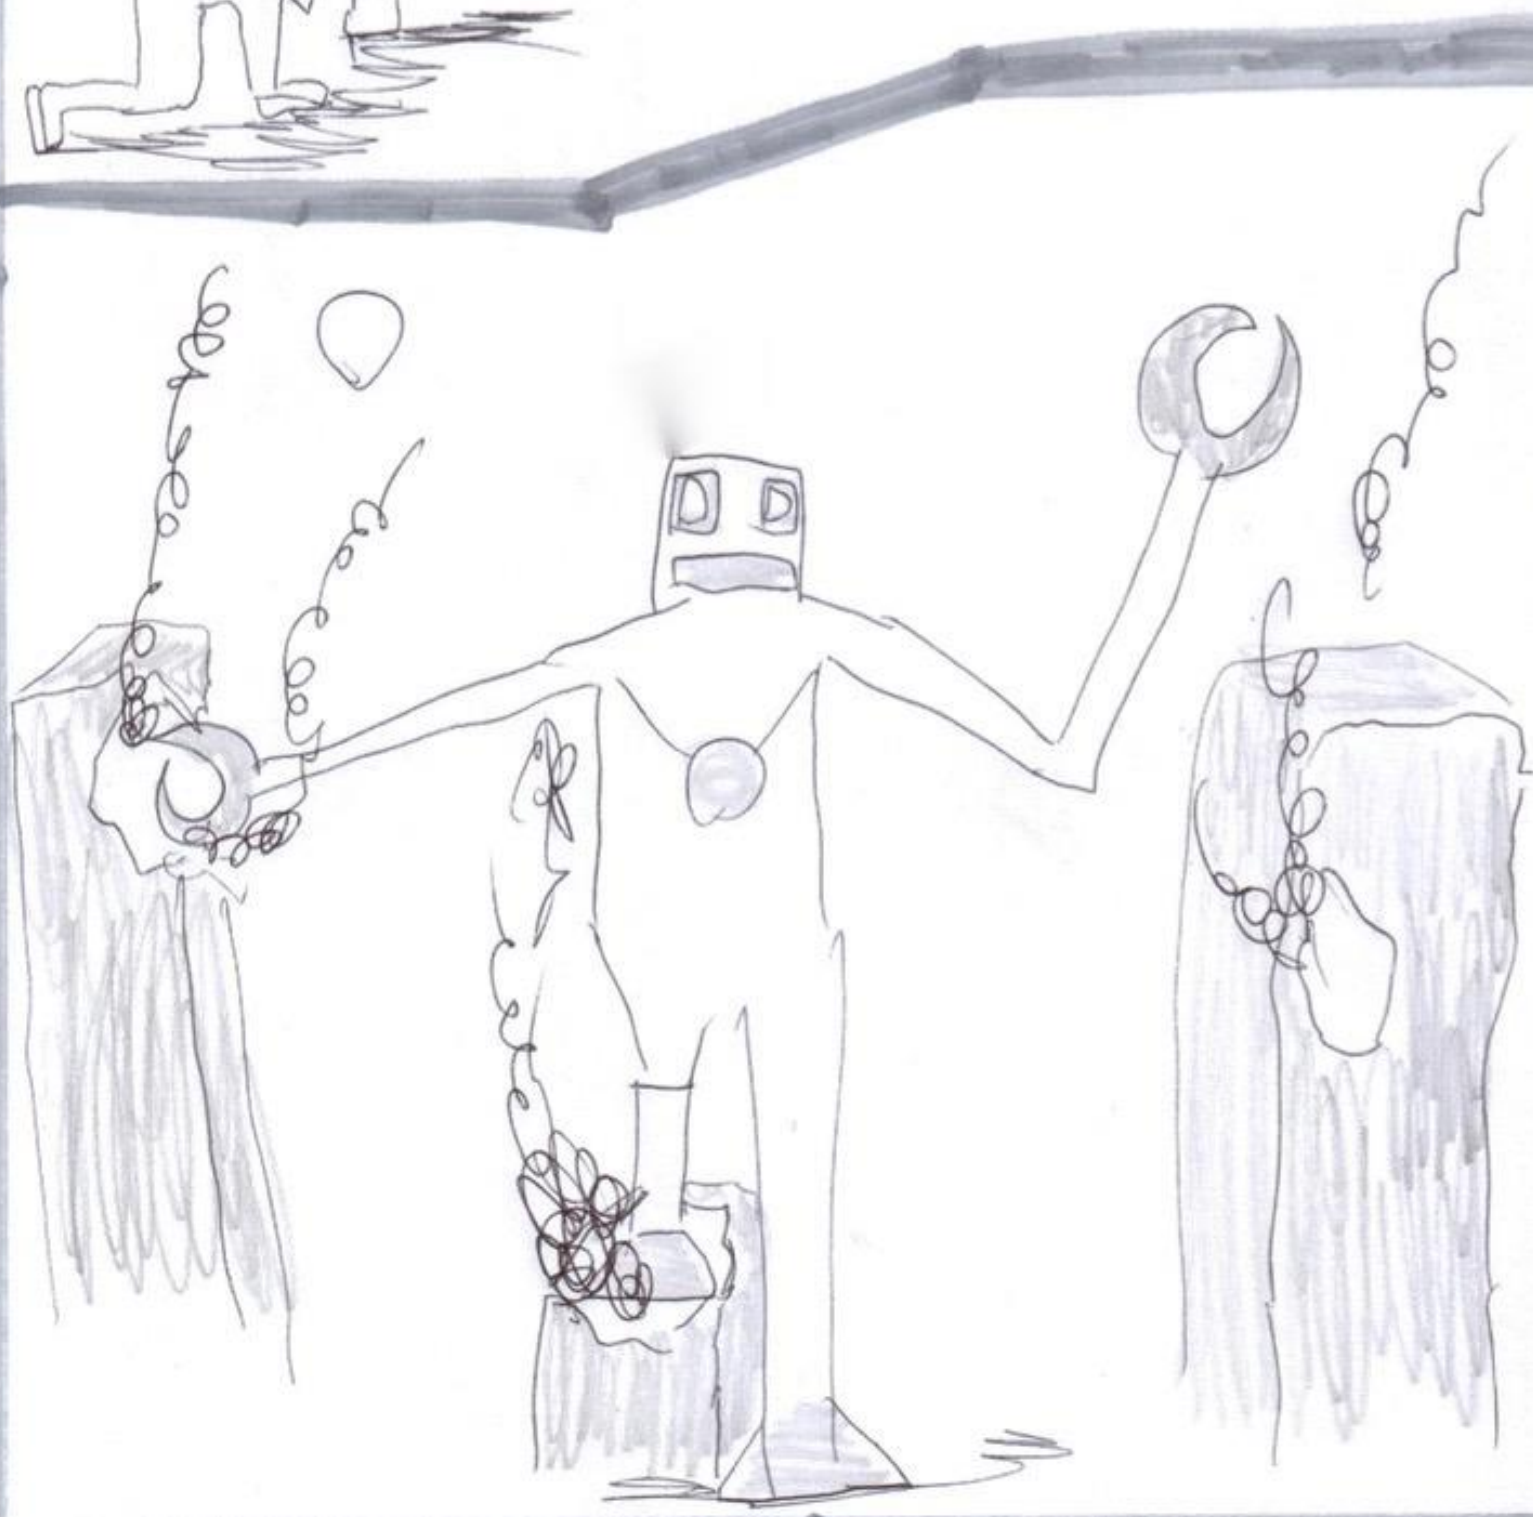

ABDOM

Computer will never listen at me...
If not stopped it will destroy the entire
Universe!!!

I need to do something
But what...?!

?!

We sent our
robot
To destroy
computer

It is named
Upgrade

Remember
To jump
Mr. Mice

Woosh

WAAAA

BANG

CLUNK

STRONK
STRONK

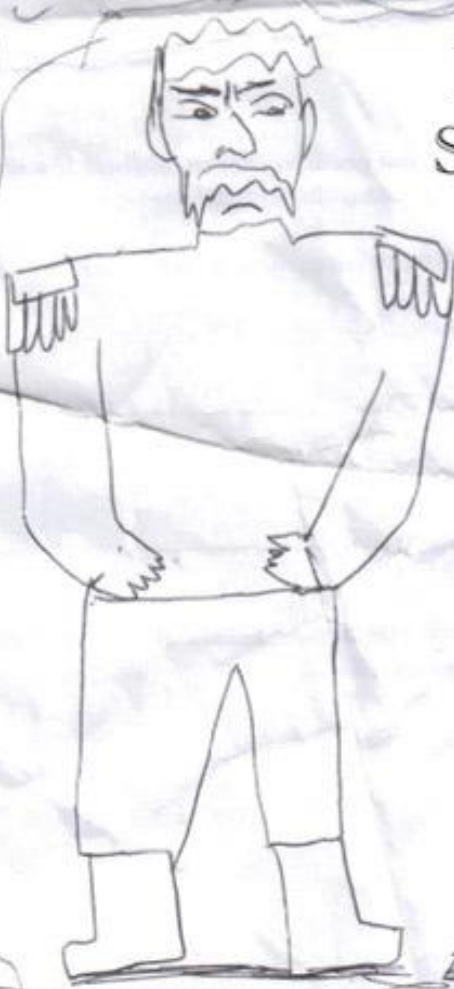

We are at our end

Dagon is old

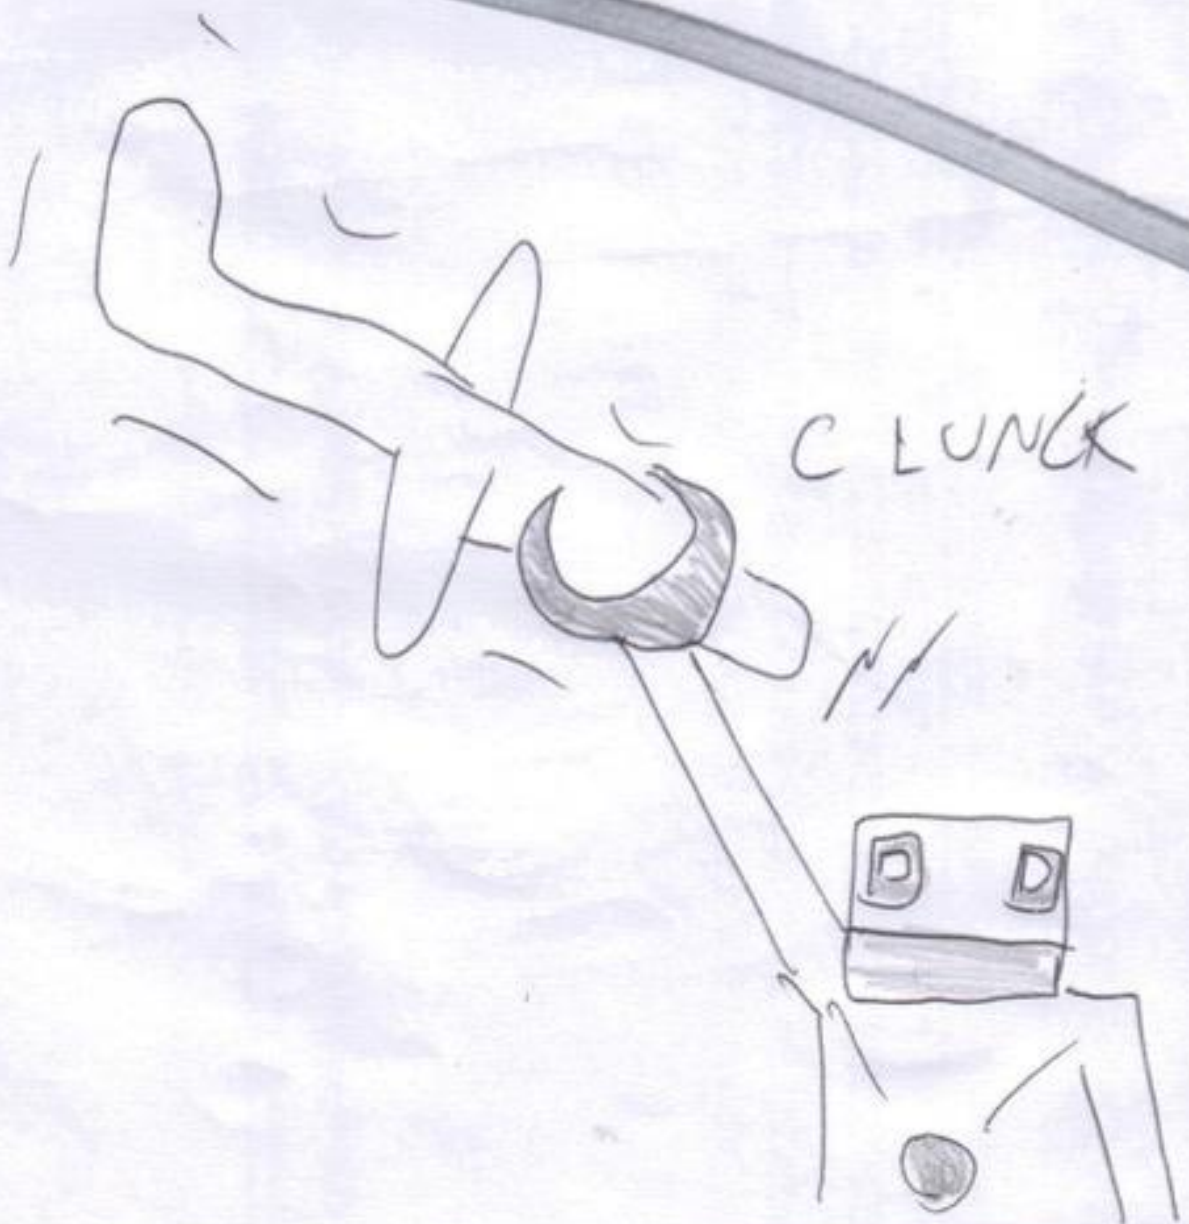

Porkadyo
Was defeated
Once

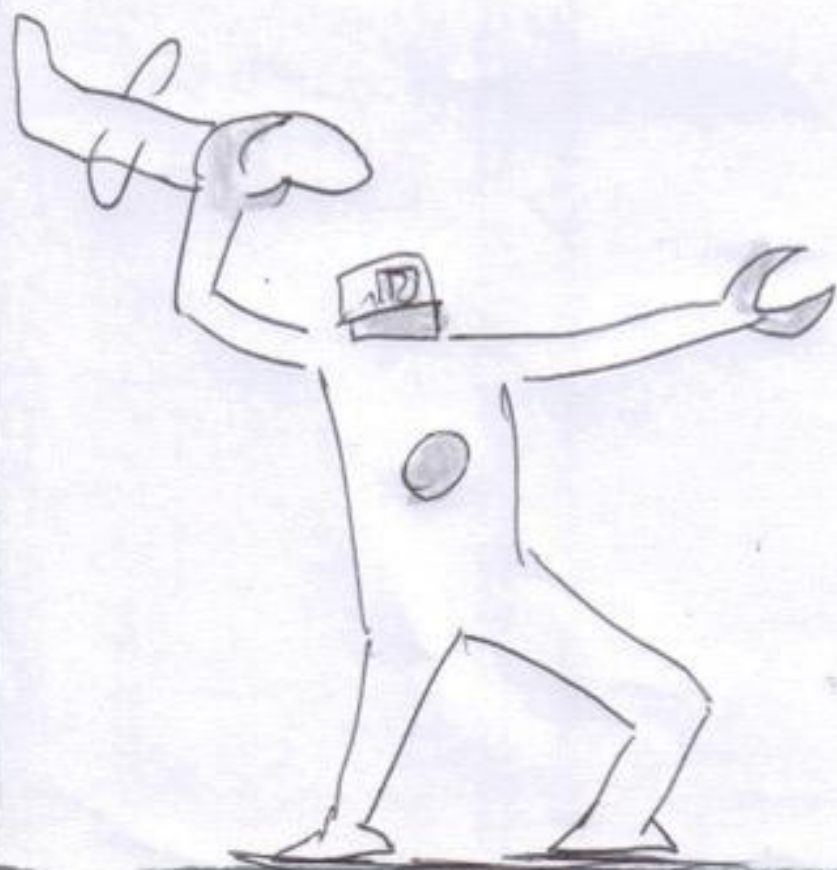

Hitowe is
Self shame

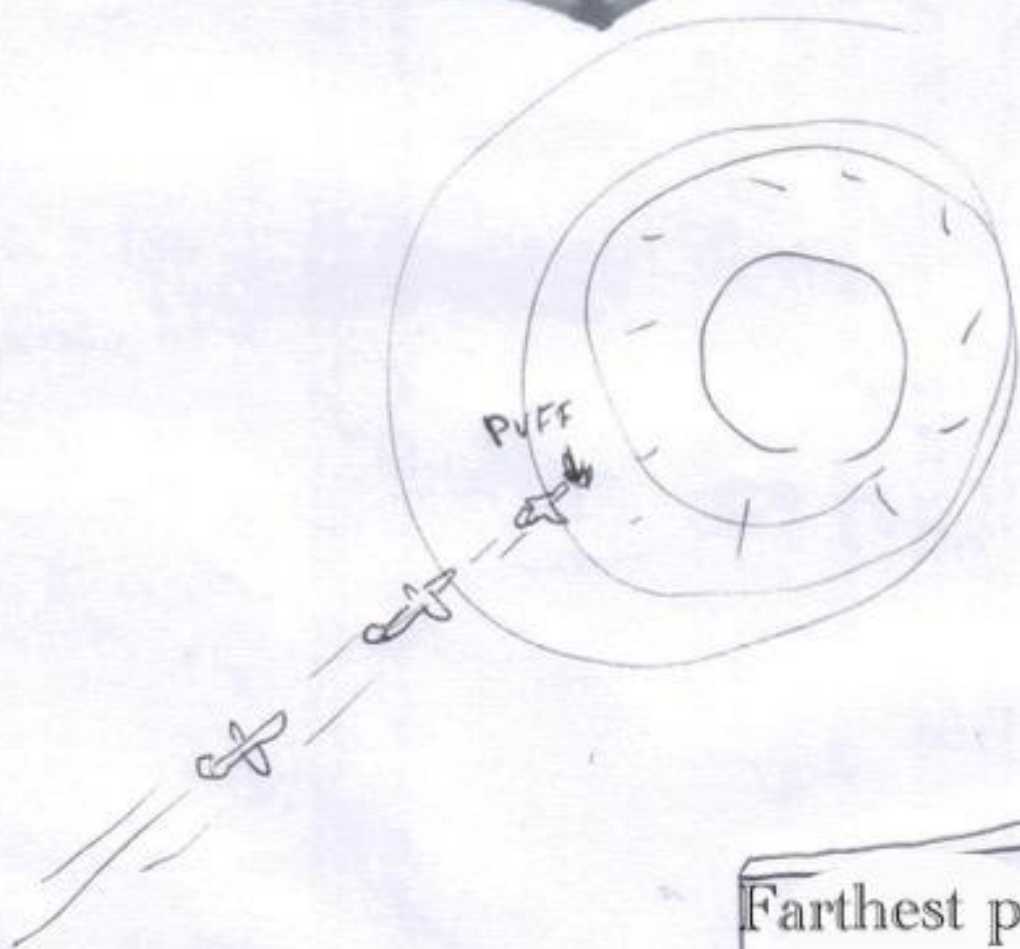

Socialman is ridiculous

Farthest point in
the universe
